Createspace Independent Publishing Platform, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Arcee is going to crash into the ocean and die. His plane is caught in a violent lighting storm and it looks like they are going down when suddenly the plane lands and it s a bright sunny day in Hawai i. Our hero meets a new friend, a being from somewhere out in the universe, who is to become his teacher. Arcee thinks maybe he s having a near-death experience, but not this time. What if you found out this Earth was actually an experiment? That s just part of what Arcee learns during the funny, intriguing, and informative conversations he has with his new teacher. They explore controversial topics such as near-death experience, deja vu, past life, parallel realities, and even suicide. Arcee learns about global warming and resource depletion and who s causing it. He also learns how people could save the Earth if they wanted too. I have been told by religious leaders not to delve into the mysteries of life and to follow the rules with blind faith. My answers to many of those mysteries are in these conversations. I realize some authors would have labeled this as channeled information from a higher power, but I have chosen to call it fiction. -Ordin Ashlie This book will explain all you ever wanted to know about how your current reality works, at least that s what I would like to tell you. I would also like to tell you that everything in this story is true and based on personal experience. I want to tell you that every idea and principle explained is based on absolute fact. I want to tell...
