

Discover the Desert: The Driest Place on Earth

Filesize: 8.65 MB

Reviews

Merely no phrases to spell out. I actually have read through and i am certain that i will gonna study once again again later on. You wont truly feel monotony at at any time of your time (that's what catalogues are for about should you check with me).

(Jaiden Konopelski)

Nomad Press. Paperback. Book Condition: new. BRAND NEW, Discover the Desert: The Driest Place on Earth, Kathryn Ceceri, Sam Carbaugh, Delving into a seemingly dry and barren ecosystem, this fun-filled activity book closely examines the desert landscape and shows how many exciting discoveries it holds. Exploring native plants and animals and depicting the extreme temperatures, rough terrain, and vast distances in detail, this lively reference describes lost civilisations as well as today's desert-dwelling cultures. "Try This" science and history activities are also included -- from creating mirages and fashioning an Anasazi clay bowl to growing salt crystals and even assembling a cactus dish terrarium. Demonstrating why adventurers have always been drawn to the world's deserts, this entertaining overview also provides education on the environment, examining how the health of the planet depends on the careful treatment of the desert's many resources.
