Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, Living with Dyspraxia: A Guide for Adults with Developmental Dyspraxia (Revised edition), Mary Colley, Victoria Biggs, Amanda Kirby, 'This book provides a diverse range of basic information and practical advice for adults with dyspraxia. Colley is able to describe in detail the impact that coordination and motor learning difficulties can have on many everyday activities, including cooking, shopping, sewing, gardening and swallowing medicines. This book provides a very readable, comprehensive and useful resource for adults with dyspraxia and their carers. It might also be useful for clinicians who are new to the field and have limited practical experience.' - British Journal of Occupational Therapy 'This concise and interestingly written handbook is aimed at helping dyspraxic adults to understand their condition and its impact on work, study, social relationships and leisure activities. It contains practical tips on everyday living, including voice control, body language, cooking, study skills, driving and self-care. Especially fascinating are the accounts by four dyspraxic adults of their own experiences. I would recommend the book to teachers and parents, student therapists and clinicians (especially those working in a multidisciplinary setting) who need an insight into developmental dyspraxia as experienced by adolescent and adult clients and an overview of the help available.' - Speech and Language Therapy in Practice For people with Developmental Dyspraxia, everyday life can pose a multitude of problems. Tasks the majority of people would find simple can often be taxing and fraught with difficulty. Living with Dyspraxia was written to help all adults with Dyspraxia tackle the everyday situations that many people take for granted. It is full of practical advice on everything from getting a diagnosis to learning how to manage household chores. Important topics are addressed, such as self-esteem, whether to disclose your condition...
