

## Protel DXP case circuit design tutorial (Electronic and Information Engineering model series of textbooks in the 21st century with vocational planning materials)

By CAI XIA

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 251 Publisher: Tsinghua University. Pub. Date :2011-07-01 version 1. Cai Xia editor of Protel DXP Circuit Design Case Guide focuses on Protel DXP circuit design software applications. introduced the development of Protel DXP history and features. and details of the schematic diagram of the work environment settings. schematic drawing of the basic methods and techniques. hierarchical schematic design. PCB schematic design process. the basic concepts of circuit board design. layout rules. settings. libraries design. generation of report files. PCB board circuit board manufacturing techniques. Book through a large number of cases the actual product design and imitation and analysis of the PCB. the case highlights the usefulness of a comprehensive and advanced. so that readers can quickly grasp the basic application software. with the PCB design capability. Protel DXP circuit design tutorial case. easy to understand language. content rich and informative. highlighting the characteristics of case-centered. progressive approach. gradually increase the reader's design capabilities. with each chapter are exercises in detail. Learning and practice through the book. readers can expertly apply Protel DXP for electronic circuits and...

### Reviews

*This publication is indeed gripping and interesting. It is rally exciting throug reading period of time. I am just happy to inform you that this is the very best publication i actually have go through during my individual existence and could be he finest pdf for ever.*

-- **Miss Lela VonRueden**

*Very beneficial to all category of folks. I really could comprehended every little thing out of this created e publication. I found out this book from my dad and i encouraged this ebook to discover.*
