The a Challenge for the Largest concept of safety culture can be defined in different ways and the level of Transit Agencies safety culture in an organization can be difficult to measure. As we have previously reported, safety culture can include: organizational awareness of and commitment to the importance of safety, individual dedication and accountability for those engaged in any activity that has a bearing on safety in the workplace, and an environment in which employees can report safety events without fear 23 of punishment. According to NTSB officials, in organizations with effective safety cultures, senior management demonstrates a commitment to safety and a concern for hazards that are shared by employees at all levels within the organization. Furthermore,...
