30-SECOND BRAIN

Murdoch Books, 2014. Hardback. Book Condition: New. 18 x 23 cm. The bestselling 30-Second series takes a revolutionary approach to learning about those subjects you feel you really should understand. Each title dissects a popular topic into its 50 most significant ideas, explaining each one using only 300 words and a picture. The brain is the hot science topic of the moment. As imaging technology, genetics, chemistry, and computing reveal our brains in ever more technicolour detail, neuroscientists are gaining new insights into how our minds work. Dr John Williams of the Wellcome Trust said in 2012: 'We're on the cusp of major breakthroughs in our understanding of the brain'. So, what can an MRI scan tell us? What does happen when our brain goes wrong? And are we all at the mercy of our brain chemistry? 30-Second Brain is the fastest way to fill your mind with the science of what's happening inside your head. Hardback.
